Features

Enterprise Performance
The MT95 Kambur Pro III runs on Android 15 GMS and features a powerful 2.4 GHz octa-core processor. With 6 GB of RAM and 64 GB of flash memory, it delivers reliable performance for running applications and storing large amounts of data. Holding Google's AER seal of approval, the MT95 Kambur Pro III also meets Google's enterprise requirements for security, reliability, and core device functionality.

Full Connectivity
The MT95 Kambur Pro III features advanced wireless connectivity options, including 5G, Wi-Fi 6, Bluetooth 5.2, GPS, and NFC. Wi-Fi 6 improves speed, security, and network capacity, making it ideal for data transmission in enclosed or crowded environments. Meanwhile, 5G ensures the device remains connected beyond local area networks. Bluetooth 5.2 allows for seamless communication with peripheral devices, while GPS and NFC support location-based applications and contactless interactions. Together, these features provide reliable connectivity to meet both current and future demands.

Precision Scanning
The MT95 Kambur Pro III features Newland's Megapixel 2D scanning technology, providing high-performance scanning of 1D and 2D barcodes, even when they are damaged or distorted. Its laser aiming includes the Acuscan feature, allowing users to successfully decode barcodes displayed close together.

Resistant Display
The MT95 Kambur Pro III has a 6" HD display that supports multi-touch capacitive technology. With Gorilla Glass protection, the MT95 provides enhanced drop resistance and improved scratch resistance.

Power That Lasts
The MT95 Kambur Pro III is equipped with a 5,100 mAh battery that allows for hot-swappable replacement. Its low-power design significantly prolongs the battery's runtime. Additionally, the device supports fast charging through a Type-C port, providing up to 18W of charging power.

Reliable Protection
The MT95 Kambur Pro III features a rugged housing with an IP67 rating, protecting against dust and water. Additionally, it can withstand a drop from 1.5 meters onto concrete. These features, combined with a standard two-year warranty, provide enhanced confidence and reliability for your business.

Biometric Security
The MT95 Kambur Pro III features a fingerprint biometrics sensor for enhanced security and quicker access. Located on the side of the device, it allows easy one-handed unlocking without pressing the screen.
